We want to include the widest range of muzzle loading firearms in this competition. We welcome shooters using black powder or modern substitutes. We welcome shooters using modern designs, originals or reproductions. The competitions and awards are graded to distinguish and reward skilled shots regardless of their choice of firearm, but above all the competitions are aimed at being inclusive, challenging and fun.

Shooter Certification Card. You should bring your SCC to the competition. If you are unable to get one from your club chairman, you will have to be supervised by a qualified RO on a one-to-one basis. This may be possible after the main series have been completed in the morning or afternoon. Let us know in good time.

Smokeless Powder? Except for an ORIGINAL 19thC revolver Black Powder is not obligatory but if you use a B.P. substitute it would be prudent to ensure that your revolver is properly proofed.

PLEASE NOTE that there will be at least 5 details per half day (we hope to “squeeze in” one more), some with Slow-, Timed-& Rapid-fire and some with Bobber and Surrenden. Add extras “on the day” as available.

Enter the **NUMBER of TIMES** that you want to shoot a particular course –
You might want to shoot the SAME COURSE several times using the SAME firearm with different STANCES, (e.g., two-handed AND offhand) ---or ---if you have a “Double-Action” revolver using BOTH “single-action” AND “double action”. You might want to shoot the SAME COURSE in the SAME WAY with DIFFERENT firearms, e.g., one-handed with a “Colt Navy” and a “Remington”

In some MATCHES the choice of HAMMER ACTION (a.k.a. “single action” –the hammer is raised to full cock and then fired with a separate action of the trigger) or TRIGGER ACTION (a.k.a. “double action” –one “pull” of the trigger raises and drops the hammer) is left to the firer but there are Special Awards for the highest scores for a particular type of firearm.

For “Modern Muzzle-Loader the “Patriot” is classed as HAMMER ACTION.
Ruger Old Army revolvers with non-adjustable sights can be shot in the Standard Percussion Revolver matches.

AWARDS are scaled according to entry. PLACES – 1-3 firers = 1st, 4-6 firers = 1st & 2nd, 7+ firers = 1, 2 & 3.

After the PLACE Awards we give Skilled Shot Certificates to 20% of the entry; First Class Shot Certs to 10%, Marksman to 5%. Obviously in some courses a 2-handed hold has a significant advantage, so for these we ALWAYS have separate Prize Lists, but where they have to be combined (i.e., one Prize List due to a small entry) we make Special Awards for the highest Offhand scores. The same principle applies for “Single-Action” in faster courses - and also Awards for “Open Frame” revolvers, “Originals” and others.

ENQUIRIES/ADVICE? Notes on the courses of fire, range regulations and advice on what models can be used in each match can be downloaded from < www.mlagb-surrey.org.uk >
